Description

RBH Axiom Lite™ Integra 32 Productivity Software Suite for 128 Doors. Includes the following modules: Badging, Database Import, Visitor Management, Web Client, Mobile Client & Email Messaging

Features

- Productivity software suite for managing up to 128 doors
- Modules included:
 - Photo-ID & Badging: A fully integrated Photo ID module is designed to provide an easy to use and powerful tool for creating high quality personalised credentials
 - Database Import: Import your existing employee database from your system's CSV output
 - Visitor Management: Identify, record, and track visitors within the establishment. Issue temporary IDs, record photos and track their whereabouts
 - Web & Mobile Client: Configuring the Web Server on the Integra system, will allow operators to control and administer the security system via a web browser and / or mobile phone
 - Email Messaging: Allows any system event such as forced entry, door held open, access denied, or even panic alarm to be sent to a desired standard email account on a schedule or in real time
