Description

KCC Via Concealed Frame Access Panel - Not Fire Rated

**Features**

- Via Basic is a non-fire rated concealed frame metal faced outward opening access panel, designed to create and enhance contemporary interiors
- Suitable for wall or ceiling mounting, Via Provides discreet yet functional concealment for valves, plumbing, stop-taps, switches and more
- Lockable door that is powder-coated and can be painted to match with the surrounding decor
- Constructed from robust 1.2mm Zintec steel, the Via access panels are fitted with either pin hinges or a continuous piano hinge. The T-key lock is concealed by a white plastic collar and plug, with the option of touch latch to completely conceal all locks
- Streamlined design - no wall reinforcement

**Preparation & Fitting**

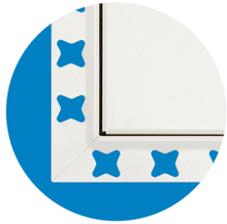

- A clear opening must be cut in the structure, 7mm larger than the panel ordered
- The panel is then offered up and fixed back using 38mm screws through the pre-punched holes to all four sides of the frame
- Wherever possible, fitting should take place with the door in place

**Sizes**

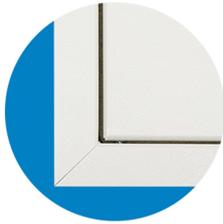

- Via is manufactured to your specifications at the size required. Common sizes are:
 - 300 x 300mm
 - 450 x 450mm
 - 600 x 600mm
 - 900 x 600mm
 - 900 x 900mm
 - 1200 x 600mm
