Description

KCC Una Timber Riser Door System c/w Concealed Steel Frame. FD60 Fire Rated

Features

- Una is a concealed frame riser door system designed to semi-conceal unsightly riser and service doors
- The Una riser door system utilises a timber door leaf with a concealed metal frame which allows the fitting of standard locks and handles to match in with the rest of the project
- The frame is a single-piece metal section with a perforated bead and stop for fixing holes. The frame provides a strong and robust clean edge which can be plastered up to or tape and jointed to conceal the frame. Once installed the door can be finished along with the rest of the wall to completely hide the door

Technical Characteristics

- Fire Rating: FD60
- Frame: Folded cold rolled mild steel. Unfinished for site painting or powder coated to standard RAL colour
- Door: Solid core timber, 54mm thickness . Textured for site painting, pre-finished to standard RAL, laminated or veneered. 29KG/sqm, maximum width 926mm, maximum height 3,000mm
